WHO Report about AIDS in Asia

703. DR. MOHAN BABU: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government are aware that in its recent report, the World Health Organisation (WHO) has observed that an estimated 10 million people in Asia will be infected by AIDS virus by 2000 A.D. and a large chunk of it will be in India;

(b) if so, the details of findings of the WHO report;

(c) the details of AIDS cases detected in all major cities of the country, City-wise, separately; and

(d) the steps taken by Government to check the growing incidence of this dreaded disease in the country?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI DALIT EZHILMALAI): (a) Yes, Sir.

(b) The report estimates that 40 million people world-wise will be infected by HIV by the year 2000. Of these, nearly 10 million will be in Asia. Nearly half of these will be young people between the ages 15-25 years. Four out of five, -young people in the world live in developing countries.

(c) The details of AIDS cases detected in some major cities of the country upto 31st October, 1998 are as follows:—

Chennai	454
Coimbatore	44
Madurai	63
Vellore	104
Bangalore	19
Delhi	219
Mumbai	605
Calcutta	100
Hyderabad	15

The state-wise break up of AIDS Cases upto 31 st October, 98 is annexed below) as a statement *(See*

(d) In order to prevent and control the spread of HIV/AIDS in India, a comprehensive programme is currently under implementation throughout the country as a centrally sponsored scheme. The main strategy consists of:—

- Strengthening Programme Management capabilities at Central and State level.
- Creation of awareness amongst high risk behaviour groups and general public about HIV/AIDS.
- Control of Sexually Transmitted Diseases.
- Promoting blood safety and rational use of blood through proper licensing of blood banks, and encouraging voluntary blood donation.
- Strengthening capacity for surveillance and diagnosis; and
- Extending training in Clinical Management of HIV/AIDS cases.

Statement

National AIDS Control Organisation
Ministry of Health & Family Welfare
Government of India

SURVEILLANCE FOR HIV INFECTION/ AIDS CASES IN INDIA (Period of report-Since inception i.e. 1986 to 31st October, 1998).

Setting up of National Commission on Children

704. SHRI PARAG CHALIHA:
SHRI SATISHCHANDRA SITARAM PRADHAN:
SHRI VEDPRAKASH P. GOYAL:

Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether Government have decided to set up National Commission on Children;

(b) if so, the details of the proposal under consideration/finalised;

(c) the present status of the proposal, the terms of reference and composition of the Commission;

(d) whether private agencies/NGOs would also be involved; if so, the details thereof; and

(e) the details of fresh initiatives taken by Government during recent months for implementing the ban on child labour and several other steps for welfare and development of children?

THE MINISTER OF HUMAN RESOURCE DEVELOPMENT (DR. MURLI MANOHAR JOSHI): (a) to (d) The matter regarding setting up of a National Commission for Children is under consideration of the Government.

(e) Child labour is a deep rooted Socio-economic problem which needs sustained efforts over a long period of time.

So far 7% child labour projects have been sanctioned by the Government in the child labour endemic states for the coverage of 1.5 lakh children for their rehabilitation from hazardous work. Children engaged in non-hazardous nature are mainly being taken care of through formal and non-formal education. The Government have also released funds of Rs. 1317.76 lakhs for the rehabilitation of child labour through 64 voluntary organizations during 1997-98.

Apart from rehabilitative measures the various provisions of Child Labour (Prohibition & Regulation) Act, 1986 is also being enforced with a view to prohibit the employment of children in certain occupations and processes and regulating their working conditions in those occupations/processes not prohibited under the Acts. This issue was also deliberated upon by the Hon'ble Supreme Court, which has given several directions, in its judgement dated 10.12.1996 including payment of compensation by the employers by employing children in hazardous occupation. The Government has already taken a number of steps to implement these directions.

An initiative to strengthen and improve the quality of the Integrated Child Development Services Scheme (ICDS) aimed at the holistic development of children has almost been finalised to cover six States, i.e. Maharashtra, Rajasthan, Uttar Pradesh, Tamil Nadu, Kerala and Andhra Pradesh. Additionally, there is also a national programme to develop and upgrade the skills and capacities of persons working towards women and child development.

Thefts from the Monuments of Historical Importance

705.PROF. VIJAY KUMAR MALHOTRA: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether it is a fact that thefts have been reported from some of the monuments of historical importance managed by Archaeological Survey of India in the recent past; if so, the details of such thefts and those committed during the last three years; and

(b) what preventive measures are proposed to be taken to protect country's prestigious heritage?
